*******PLEASE RED THE INSTRUCTION CAREFULLY BEFORE THE REFERRAL*******

- Kindly send all relevant investigations, including X-ray, US, CT, MRI, EMG reports and any other previous consultations, complete list of medications, past treatment tried.
- Let your patient know that once referral is received Triage Team will assess and conduct a phone interview over the phone in 7-14 days.
- Once the phone interview is complete the patient will be offered a virtual or in person appointment as per their preference within 30 days of the phone interview.
- Timeline can vary(rough estimate). Our goal is to see patients within 6 weeks of the referral. We contact your patient directly for appointments.
